

ALEXANDRIA PALM VILLAS

Egypt's Leading Real Estate Developer

Palm Hills Developments is a leading real estate company in the Egyptian market, primarily developing integrated residential, commercial real estate as well as resort projects. Founded in 2005 by Mansour and Maghraby Investment and Development Company [MMID], the company, which is listed on the Egyptian Stock Exchange and London Stock Exchange, traded under the symbols "PHDC.CA" and "PHDC.LI" respectively, was the result of a vision to create self-sufficient and well integrated communities.

Presently Palm Hills Developments possesses one of the largest land banks in the country and is rapidly growing into a regional player, thanks to a geographically diversified land bank suitable for the development of a broad range of real estate products all fashioned to cater for customers' need gaps and preferences.

Currently, Palm Hills Developments has a portfolio of more than 30 projects spanning different development stages nationwide, and spreading over more than 30 million square meters [sqm] in Egypt.

A Word from the Chairman

“Alexandria is the place where I grew up, it’s where I’ve had my most cherished childhood memories. My lifelong dream has been to create a better quality life in Alexandria, for the people of Alexandria. A project close to my heart, a dream come true. Today, my only hope is that the image I’ve envisioned my entire life becomes the perfect reality for generations to come.”

"As the Egyptian real estate market continues to flourish, the need for true added value, integrated communities has never been greater.

Recognizing this early on, Palm Hills Developments was fortunately able to take part of this exciting change in the real estate investment climate, to contribute in driving the country's economy forward.

Capitalizing on market opportunities by acquiring land in strategic locations and developing communities for a rapidly growing demand, Palm Hills Developments became a trendsetter for innovative, fully integrated communities, as an Egyptian developer. With one of the largest land banks in Egypt and a multitude of projects in residential, commercial and tourism destination resorts under its helm, Palm Hills Developments is growing with strong momentum; offering high standards of quality and a seamless livable experience.

As the result of a dynamic market, we are able to push our boundaries, develop and recreate better livable communities, and as a result, better living conditions for all. What has long set us apart is a deep commitment to innovation and an innate ability to tap into the needs and aspirations of our clients, offering the highest value and return on their properties.

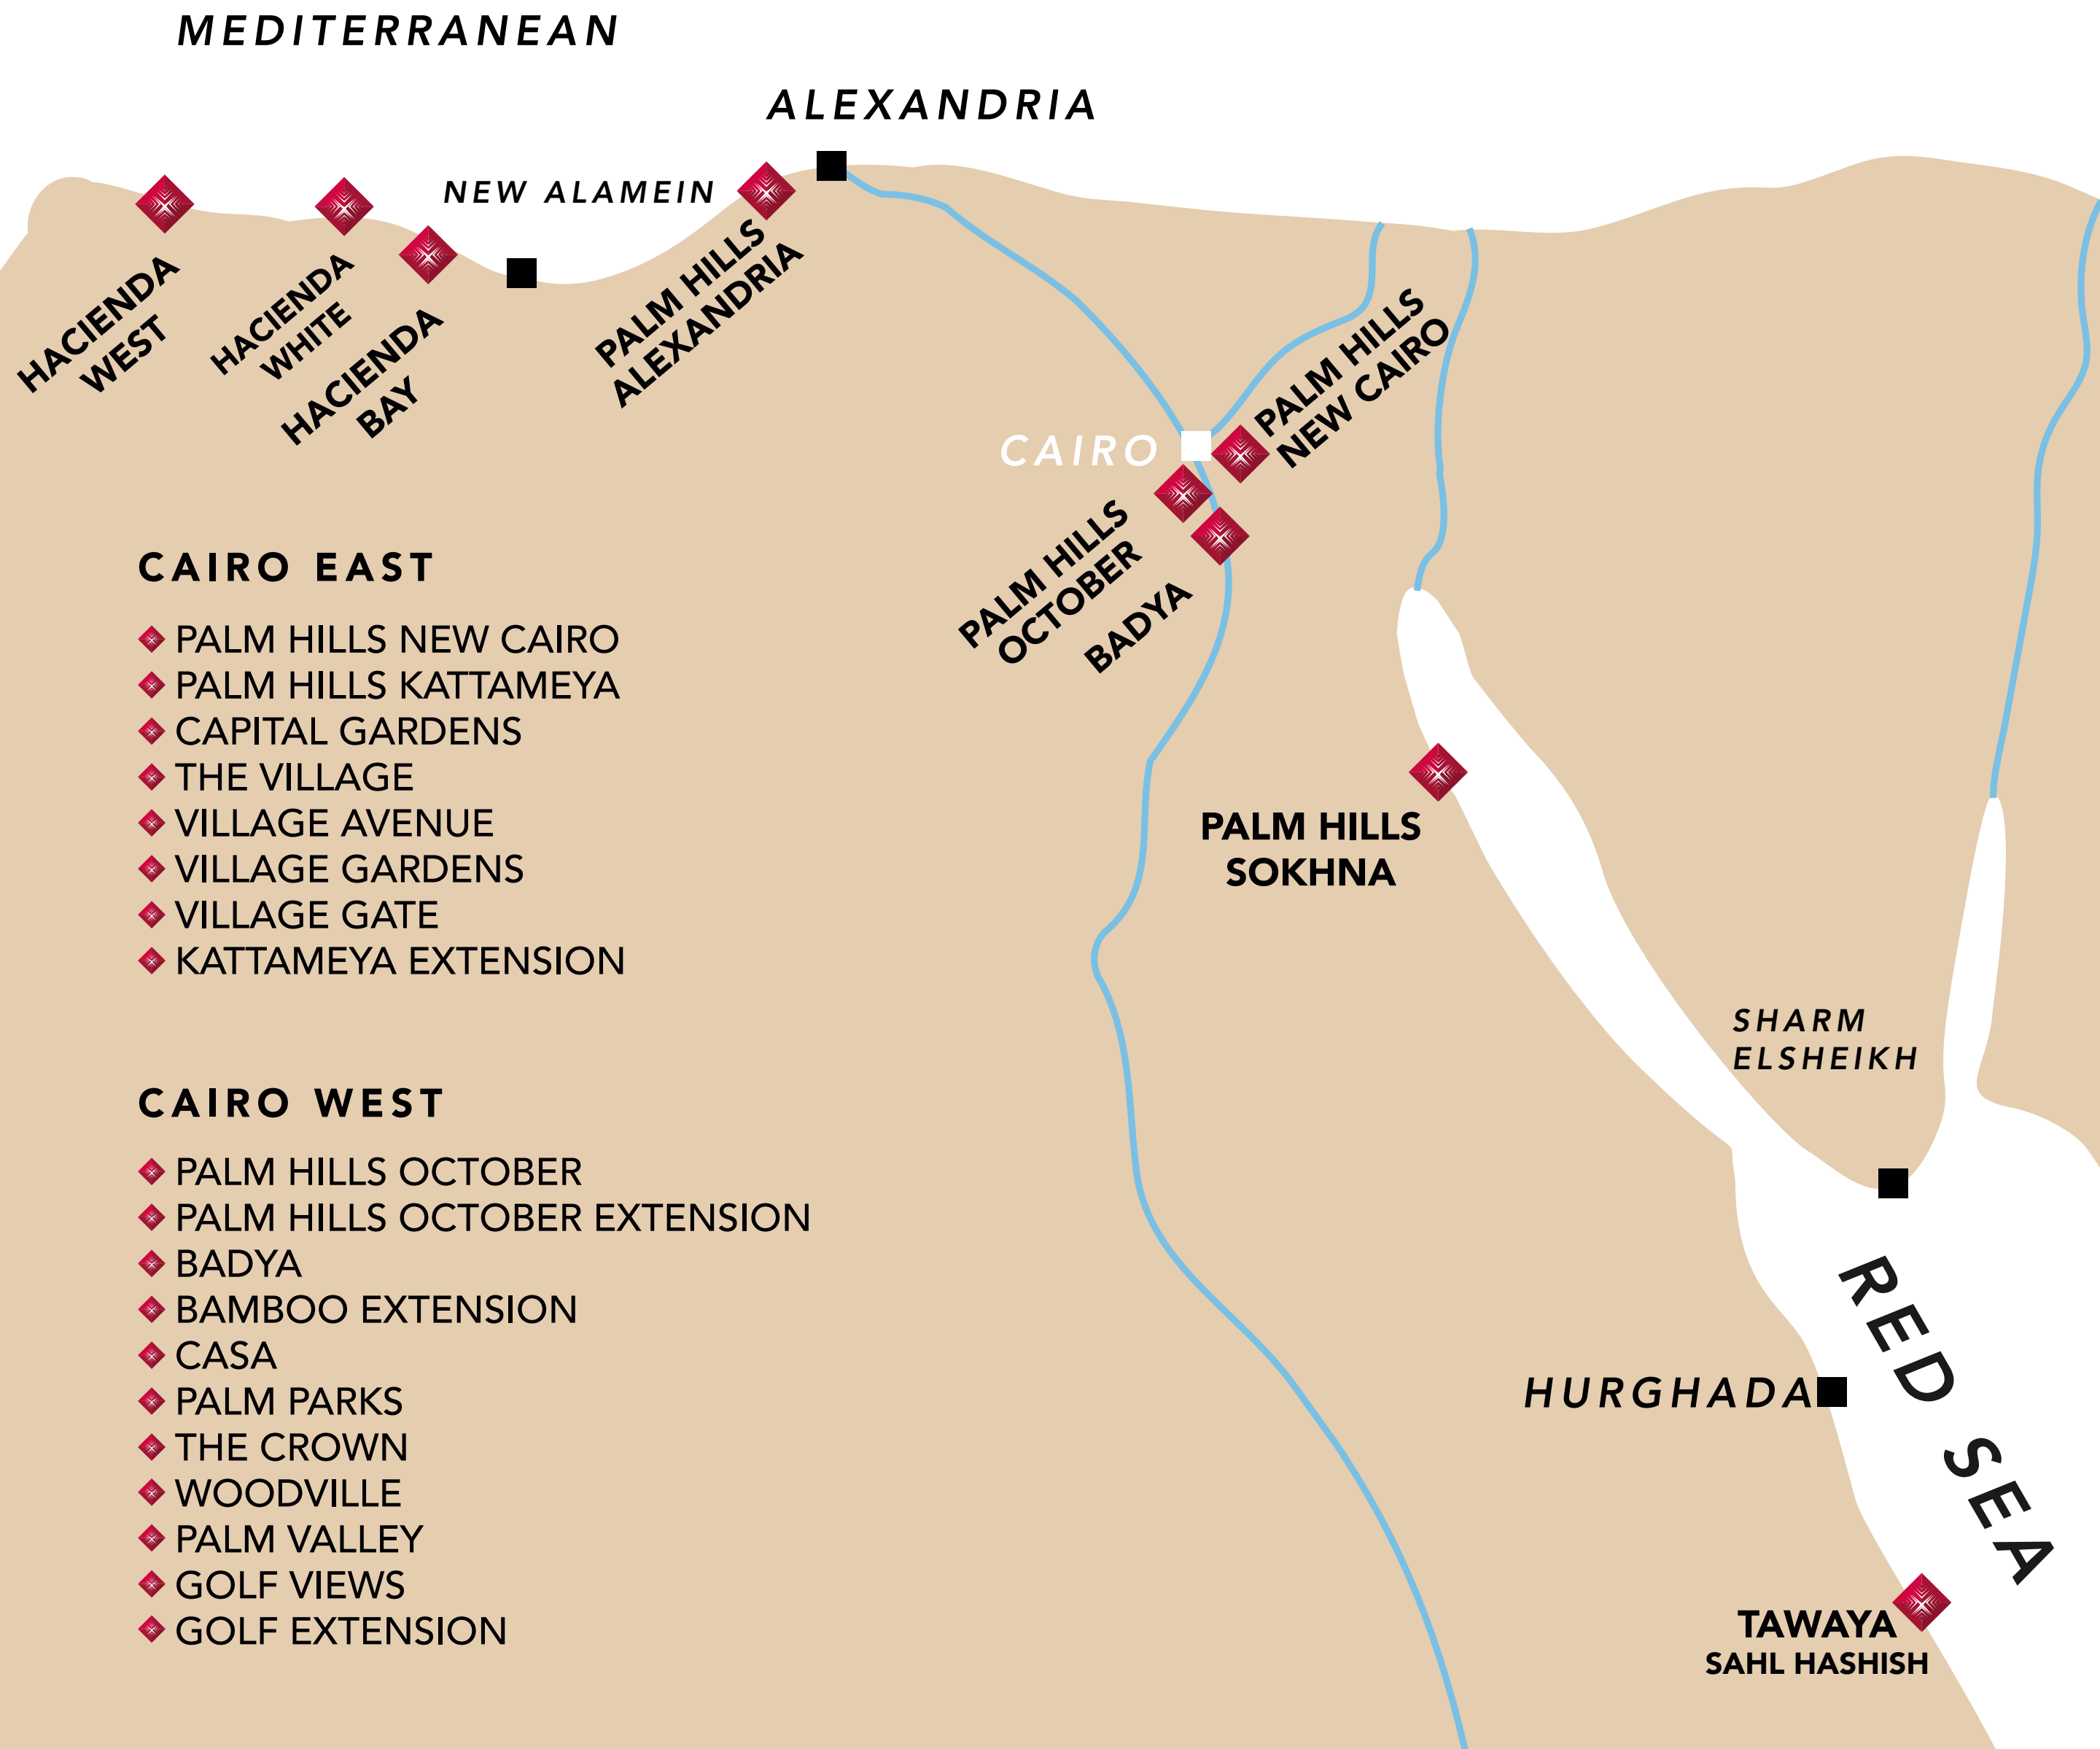

At Palm Hills Developments, we believe that the core of our success stems from the belief that, by setting standards in quality, price and delivery, we will turn every integrated community into a success story, your success story."

Our Expanding Communities

Over acres and acres in Cairo's west side, we were the first to build on hills, taking real estate to a whole new level. We created homes of an opulent lifestyle, then we took more steps to introduce an unparalleled state in Cairo's east side. Cherishing the soothing effect of water, we moved to explore the ambience of the laid-back life in Alexandria and the north coast, then we dug into the Red Sea's magical beauty, bringing you a marvelous sense of serene.
